Your Best Self Is On The Inside!

At Viola Beauty, we believe your true self or your personality is directly linked to how you view yourself on the outside. We have an aim to help you discover your best self through makeup. We pay attention to the character patterns that make up your personality and how that translates into how you love to look on the outside. Some people are fierce at heart and have a tendency to wear bold, bright looks whereas others who are more laid back love to show up in simpler, neutral looks. This is what our courses are made up of! What's your jam? We have the perfect course just for you!

CONSULTATION & PERSONAL SHOPPING

- Once you've expressed your interest in our beauty courses, the next step is to find out how you love to wear your makeup and deduce your makeup goals from there. We will then curate a list of products for your exact makeup needs.
- You can decide to buy products on your own or leave that task to us to shop for you. Personal shopping comes at a fee(does not include cost of products). You have the option to come to the stores with us to test shades and conclude on products or have them delivered to your residence at an extra fee for shipping.

SOMETHING TO REMEMBER:

- Each class lasts 3 hours a day with the exception of internship courses that has a class duration of 2 hours, 3 times a week.
- Each class is tailored to the specific makeup goals of the student(s) taking the class.
- Group course rates can be altered to meet number of students and days needed for class.
- Students can learn off our kit but it is advisable for students to have their own kit so as to know exactly what works for them and also to be able to practise on their own after class hours.
- Products are not provided for as part of the courses listed above. Tools may be provided. A starter kit can be provided for all beginner courses at a fee at the client's request.
